ICE SCULPTURES

STANDARD SCULPTURES / VODKA LUGES

All of our ice sculptures are hand carved, therefore anything is possible. Our ice sculptures are individually costed based on the design, time and size of ice required. Whether the ice design is to compliment a particular Christmas Party event theme or to add impact to brand recognition, we can design a bespoke ice sculpture to suit your event.

Here are some of our most popular sculptures from our Christmas range. The sculptures within this range are priced between £250 - £495. The sculptures are 100cm high x 50cm wide x 24cm deep.

ICE SCULPTURES

LARGER MORE BESPOKE SCULPTURES / VODKA LUGES

Costs are again based on the dimensions and details of the ice sculpture. Below are examples and costs of some of our larger Christmas designs.

ICE SCULPTURE DELIVERY

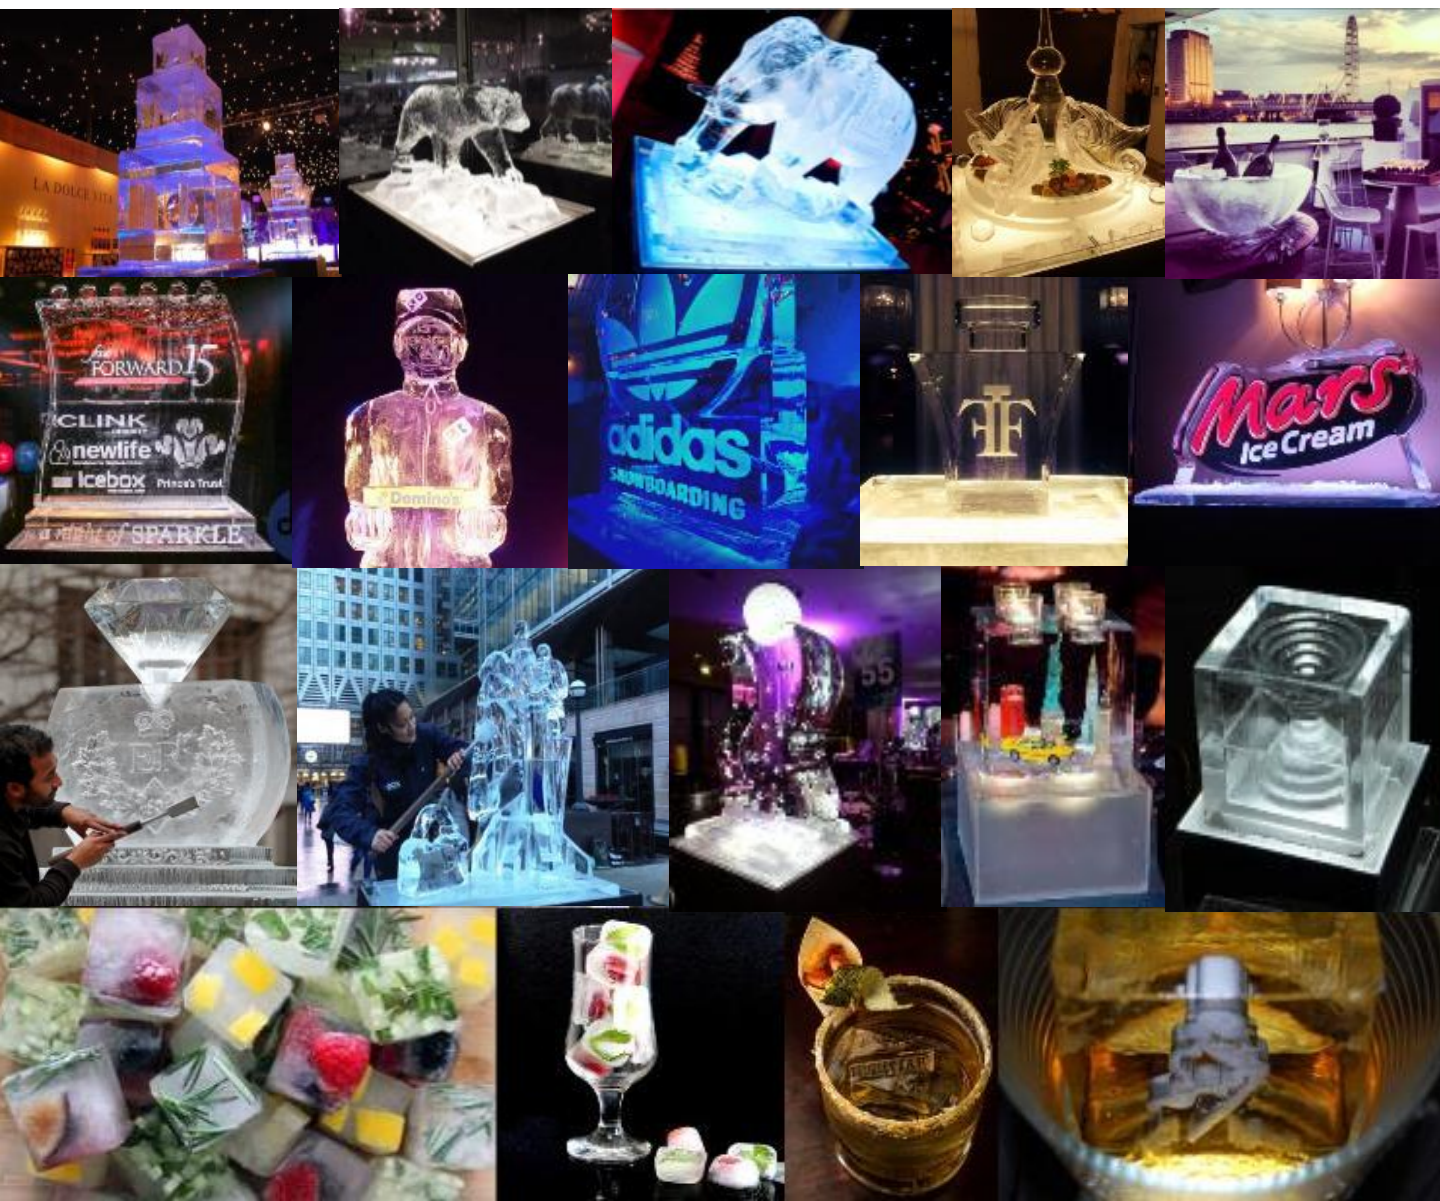

For delivery, installation and removal, we send a van and crew specific for your event. For ice sculpture set up, our crew will arrive 1 – 2 hours before the event, we will advise on timings. The crew will either stay on site to manage the drainage and de-rig that night or if the venue is happy to dispose of the ice, we will return the following morning to collect the lightbox. Transport costs will be based on the volume of ice ordered and the timings of the event.

For London events, please allow from:

£30 - £60 (delivery only)

£60 - £100 (delivery and next day collection)

£120 - £500 (delivery and collection before midnight).

LIVE CARVING

Our Live Carving events are thrilling to watch and are an excellent tool for product or brand promotion. Prices start from £1,800 for a one hour performance on a 1m x 50cm x 24cm block in Central London.

TEAMBUILDING

Icebreakers is a truly unique teambuilding experience that gets people working together and having fun whilst breaking the ice!

HOW DOES IT WORK?

We split your guests into teams of 3; each team is given a partially shaped ice block; we do an introduction, a quick demonstration, then everyone gets a pair of gloves and a chisel, and away they go to transform their block of ice into (hopefully!) the perfect sculpture! Present your piece to the group and we're done!

WHAT'S INCLUDED IN THE COST

Costs include all ice and equipment needed, all staff needed, a carpet for the floor and delivery and collection to Central London. For Teambuilding events outside of London, we will charge an additional fee for transport. Just let us know the venue address when enquiring and we will add the costs to the quote.

TEAMBUILDING

PACKAGES

Our standard teambuilding workshop lasts for 1 hour. We do however have longer workshops available ranging from 1.5 hours to full day events. We will adapt our services and workshops to fit in with your event.

DRINK EXPERIENCE

Ice is the universal ingredient to almost every cocktail, not only controlling the temperature of the drinks and maintaining the purity and dilution but adding to the final look and drink experience. By understanding the art of cocktail making and the importance of ice, we have developed a range of specialist ice pieces using the purified crystal clear carving ice to give the drink a completely difference dimension. We've developed bespoke cubes for 'on the rocks' cocktails, the perfect crushed for Caprioskas, specialized cuboids for hi-balls, moonballs for martinis and bar chipping blocks for varying ice requirements.
